

# Who is “Wyoming MLS”?

On May 31, 2001, Realty Data Services, whom at the time was the MLS service provider for the Wyoming Association of REALTORS MLS system called WAVE, was informed by their MLS vendor that the company would no longer be operating a software business. Realty Data Services Board of Directors immediately began looking for a replacement.

The Board reviewed various available software options with the objective to continue to provide a cost effective, statewide MLS service. At the 2001 Annual Convention and Trade Show in Cody, the Cheyenne Board MLS, the Park County Board MLS and the Casper Board MLS presented service proposals to the RDS Board and Membership. Based on the proposals, the Board elected to contract with the Casper Board of REALTORS® to provide MLS service for the RDS users and that is when we became the...
